Entry and Eligibility Criteria:

To submit your idea into the Aviva Community Fund competition, visit www.avivacommunityfund.org between noon September 19, 2016 ET and 4 pm October 6, 2016 ET. Register and complete the online 'submit an idea' form. You must register first before you can submit an idea.

After you submit your idea, it will be screened for objectionable content and to ensure your idea meets the criteria of the idea category you have selected. The idea content has to be original and not copied from any other work. Your idea must be submitted in one of Canada's two official languages (English or French).

Your idea has to take place within Canada, and should not require access to private or restricted property in order to be implemented (though public or municipal properties or ideas that benefit an organization, school or are accessible to the general public, are permitted at the sole discretion of Aviva).

Aviva reserves the right to decline ideas from being posted on the Aviva Community Fund site at any point in the competition if the idea does not comply with the Terms and Conditions or the idea is not suitable for the Aviva Community Fund, as determined in the sole discretion of Aviva. Please note that you cannot change your submitted idea, including but not limited to, the idea category or funding level once **Voting Round** begins at noon October 11, 2016 ET. Your idea should be realistic to implement within 1 of 2 funding levels (\$0-50k and \$50k-\$100k) available through the Aviva Community Fund, and realistically implementable or well underway by December 31st, 2017.

Should your idea involve the implementation of a program that requires funding beyond 2017, Aviva can only provide one year of funding (the funding required for the initial set-up), after which funding will no

longer be available from Aviva. It may be possible to consider any recurring funding requirements as part of the total cost of the project and therefore may be allocated at the time of announcement. However, in no event will there be any additional commitment by Aviva beyond this allocation. Ideas requiring recurring funding will receive a lower score on the "Longevity and Sustainability" component of the judging criteria unless there is a feasible plan to obtain ongoing funding from other sources.

Ideas submitted to the Aviva Community Fund competition must meet the Idea Category Criteria within at least 1 of 3 categories listed below.

A single individual must submit an idea; while that individual serves as the idea submitter, all participant agreements (or contracts) and relationships with third parties related to the idea must be managed outside of the Aviva Community Fund competition.

Your idea cannot contain any trademarks or other material owned by a third party without the express written permission of that third party.

Your idea cannot contain any offensive, obscene, or sexually suggestive material, propaganda, potentially misleading information, or defamatory or disparaging material about other people or companies, or endorse any form of hate or hate group or terrorist activity.

The outcome of your idea cannot result in discrimination on the basis of gender, race, religion, creed, national origin, disability, handicap, age, sexual orientation, or any other basis prohibited by law, as determined in the sole discretion of Aviva.

If your idea is submitted on behalf of – or in association with – a religious organization, its outcome must be accessible to anyone of any faith.

Your idea cannot relate to controversial subject matter or any subject that is contrary to the interests of Aviva, as determined in the sole discretion of Aviva.

Aviva reserves the right, in its sole discretion, at any time and at any stage of the submission, judging, or voting process (including during the **Voting Round** and/or **Judging Round**), to disqualify any idea that does not comply with the requirements set forth in these Terms and Conditions, or if the idea submitter or any other participant is not in full compliance with these Terms and Conditions, or if Aviva reasonably determines that it would be necessary or appropriate to disqualify any idea to avoid potential liability to Aviva, to maintain the integrity of the Aviva Community Fund, or to protect the welfare of Aviva and its customers, or the Aviva Community Fund or its participants, or if Aviva deems is not suitable for the Aviva Community Fund competition.

The posting of any idea on the Aviva Community Fund website does not guarantee advancement to the **Judging Round**. An idea that does not meet the eligibility criteria will not qualify for funding. If Aviva, in its sole discretion, determines an idea does not meet eligibility criteria at any point in the competition, the idea will be eliminated from competing and will not receive any compensation.

In the event that an idea is disqualified during the **Judging Round**, the next highest vote-earning idea submission meeting the eligibility criteria of the program mechanics may be promoted to the **Judging Round** in its place.

All ideas will be moderated to ensure that their specified category is accurate. Ideas that do not meet the eligibility criteria within 1 of the 3 categories outlined above will be rejected.

Funding Levels & Qualifying as a Finalist:

In addition to meeting the eligibility requirements, including the idea coming within 1 of the 3 idea categories outlined above, the idea must be submitted into 1 of the 2 funding levels:

- (1) Ideas seeking funding for \$0 - \$50,000, and
- (2) Ideas seeking funding for \$50,000 - \$100,000

A total of 30 ideas advance from the **Voting Round** to the **Judging Round**, as follows:

- At the end of the **Voting Round**, five ideas from each of the three (3) idea categories and each of the two funding levels (up to \$50,000 and the \$50,000 to \$100,000 funding level) will receive a spot in the **Judging Round** based on most votes received during the **Voting Round**. That's a total of 15 ideas from the \$0-\$50,000 funding level and 15 ideas from the \$50,000 - \$100,000 funding level.

In the unlikely scenario that there are not enough ideas submitted within a funding level or idea category, the highest ranking idea(s) based on votes submitted will be selected and given a spot in the **Judging Round** to ensure 30 ideas in total are provided to the judges.

The 30 finalist ideas selected will be judged by an independent panel to help determine the winners. Ideas in the **Judging Round** will then be judged solely on the Judging criterion, which is outlined in the **Judging Round** and process section.

Voting Round and process:

Everyone registered on the Aviva Community Fund site can vote for their favourite idea(s) following the timeframe for submitting ideas which begins at noon (ET) September 19, 2016 and ends at 4 pm (ET) October 6, 2016, and during the **Voting Round** which begins at noon (ET) October 11, 2016 and ends at 4 pm (ET) October 28, 2016. These votes will determine which ideas will become finalists in the Aviva Community Fund competition (**Judging Round**), and will contribute to a percentage of the final score allocated by the judges.

During the **Voting Round**, the following ideas will move on to the **Judging Round**:

- the top five ideas in each of the three idea categories in the “up to \$50,000” funding level, and
- the top five ideas in each of the three idea categories in the “\$50,000 to \$100,000” funding level

A total of 30 ideas including the top ranked, “Broker-Supported Idea” (see below for more details) will move on to the **Judging Round** following the **Voting Round**. The top ranked, “Broker-Supported Idea” will automatically be entered into the 30 ideas that will move on to the **Judging Round**.

Our independent panel of judges will review all 30 ideas and rank them according to pre-determined criteria outlined in these Terms and Conditions to determine which ideas will be funded. The announcement of winners will be made prior to December 31st, 2016.

Individuals can cast all 18 votes at once at any time during the Voting Round. You cannot vote on behalf of other people. Multiple entries by an individual are not allowed. Proxy voting, or voting on behalf of another individual is not allowed. Proxy votes will be removed from the competition at the sole discretion of Aviva. Creating email accounts, Facebook accounts and using these accounts for voting purposes when a participant has already voted using another account, and/or paying for votes is strictly forbidden.

Finalist and Grand prizes:

Each idea in the **Judging Round** will be divided into groups of Small (“up to \$50,000” funding level) and Large (“\$50,000 to \$100,000 funding level”) ideas and ranked based on score. The Aviva Community Fund will then award funds (grand prizes) to one idea from each funding level and idea category, starting with the highest-ranked ideas, and then keep funding ideas until the entire Aviva Community Fund has been allocated.

Ideas that qualify for the **Judging Round** of the competition which do not win a grand prize from the Aviva Community Fund will receive a finalist prize of \$5,000. This prize will be allocated to a CRA-registered charity, sports non-profit organization, fully publically-funded elementary (primary) or secondary school, University or College, municipality or government entity of the idea submitter’s choice. Finalist prizes will be subtracted from the \$1,000,000 fund.

Judging Round and process:

The Judging panel is comprised of independent judges selected by Aviva to rank the 30 ideas that have made it to the **Judging Round**. The Judging panel will evaluate these ideas based on the following criteria categories:

- **Longevity & Sustainability (35%)**
How long will the idea's impact last? Will this idea require ongoing funding beyond the initial request? If so, is there a plan to obtain additional funding? **Note that ideas requiring ongoing funding will be ranked lower.**
- **Impact (20%)**
How deeply are people impacted by this idea, and how urgent is the need within the community? How many people will this idea directly and indirectly benefit?
- **Likelihood of Success (15%)**
Is there a high probability of a timely and successful execution of this idea? All ideas should be completed or well underway by December 2017.
- **Votes (15%)**
How high did the idea rank based on vote count in its category entering the **Judging Round**? This score will be entered automatically.
- **Originality (10%)**
How innovative and original is the idea versus the other ideas submitted? Has the same idea submitted been executed in different communities? Does the idea target a newly-identified community need?
- **Submission Quality (5%)**
Was the idea well thought through and clearly explained? Did the idea submitter add pictures, video, and share content via social media channels?

The judges will determine a score for each idea in the **Judging Round** based on the criteria and idea categories. Each idea will be scored on a scale from 0 to 10 and weighted based on the percentages outlined. Each idea's score will be averaged among the judges.

The Aviva Community Fund will identify at least seven judges which will include a broker judge and at least one Aviva employee judge – to evaluate ideas that make it to the **Judging Round** of the competition.

If Aviva believes there may be a conflict of interest based on a relationship between a judge and an idea submitter, that judge's scores may not be included in that idea's evaluation.

Broker-Supported Idea:

The idea with the highest Aviva-contracted broker votes received during the **Voting Round** will automatically be identified as one of the 30 finalists that move into the **Judging Round**.

To be eligible for the Broker-Supported Idea, in addition to meeting the eligibility criteria in these Terms, the idea submitter must receive at least one vote from an Aviva-contracted broker who has registered for the 2016 Aviva Community Fund. Aviva may at any time and at its sole discretion, add or delete brokers from the list of contracted brokers.

In the event that the idea that received the highest broker votes during the **Voting Round** is disqualified during the **Judging Round**, the next highest vote-earning Broker-Supported Idea meeting the criteria of the program mechanics may be promoted to the **Judging Round** in its place at Aviva's discretion.
